Dear Dr. Laffler:

You are named as an inventor in the above-referenced United States Patent Application filed on April 1, 1975, Serial No. 40,000, for "A Method of Preparing a Polymer Having a High Strength Polymer Film." The application was rejected on the ground that it was not patentable as claimed.

After consideration of your appeal, the Appeal Board has decided that the rejection of your application, based upon lack of patentability, is correct and affirmed. The Appeal Board held that the claimed polymer film was not a new and useful invention.
